broken, will not return. This preparation contains no quinine or arsenic, nor any deleterious substance whatever. All who have had Chills and Fever, and have taken quining, calomel or arsenic (which are the principal ingredients gum. Price, per acre, \$15 00. of most of the medicines now in use), are aware that the medicines often leave the system in an unhealthy condition, making t more difficult to relieve it of their effects han of the original disease. Wintersmith's mproved Chill Cure leaves the system in a rfectly healthy condition, with no bad effects to be worn off. Unlike chill remedies generally, it requires no purgative to be taken with it, the medicine itself acting cently and agreeably upon the liver and owels, effectually removing the cause of the disease, not merely temporarily checking it. Herein consists its great superiority over all other chill preparations. The cure is a permanent one; the chill will not return

"Woman's Best Friend."

Will bring on the Menses when they have not been established, also when they have been suppressed from unnatural causes. Will cure Rheumatism and Neuralgia of the back and womb. Will cure Painful Menstrustion, and relieve the head, back and loins of those distressing pains and aches. Will cure "Whites" and falling of the womb, when it is the result of relaxation or bad health.

It is as sure a cure in all the above diseases as Quinnne is in Chills and Fever.

Ladies can cure themselves of all the above diseases without revealing their complaints to any person, which is always mortifying to their pride and modesty.

It is recommended and used by the best physicians in their private practice.

For a history of the above diseases, certificates of its wonderful cures and directions, the reader is referred to the wrapper around the bottle.
